An eye-opening trip of Britain 2017

Title: My Learning Tour in Oxford, UK

1 Name : Leung Chun Sing

Class : 4C

2 The photo was taken at the door of our school in the UK, Oxford international School.

3 Photo focus: Our clothes, No uniform

4 The photo shows that we arrived at school early to get well-prepared for our intensive English lessons.

5 Site historical and cultural information:

Teachers said we looked smart in our casual dress. Our school building was so beautiful and classic. The local people do not go to work or school early. They ride bicycle to school. They really have a laid-back lifestyle which is so different from Hong Kong's.

6 My reflection / comment on this photo is

Learning needs curiosity, courage and prepared-heart. During the English course, I had a lot of time and chances to interact with students coming from other places like Italy, Spain, Argentina. Without enough courage, it is impossible to take the first step to talk with them and practise my English. Without enough curiosity, it is impossible to know the history and culture of this wonderful place.

Our ideal Britain:

Slow-pace living + Magnificent buildings – Pricey food = Our ideal Britain
