School Brochure

聖公會李福慶中學
SKH Li Fook Hing Secondary School
2015

校長序言： 勵學求進 扎根 高飛

聖公會李福慶中學秉承聖公宗的教育理念，本著基督捨己服務的精神，提供全人教育，使學生在德、智、體、群、美和靈育方面得到均衡的發展，並鼓勵學生積極進取，成為社會棟樑及優秀人才。奮鬥十九載而取得佳績，有賴一群既關愛學生、熱心教學的教師團隊，和一群熱心參與和支持學校工作的家長。還有的是我們有鮮明的辦學理念，我們深信這些信念和願景會引領聖公會李福慶中學繼續成長。

2015-16年度的學校發展主題是「勵學求進 扎根 高飛 Rooted in Perseverance Soar with Excellence」，為配合學生的學習需要及支援學生的成長，我們在本學年聚焦地發展兩個關注事項：一) 加強課堂互動，增加學生在課堂的參與，以提升學生的分析能力。教師掌握以互動促進教學的技巧，加強學生的課堂參與。透過強化的課堂組織(如提問、互動、實施)，讓學生更能投入、參與課堂；再透過課堂、課業、測考及教師的觀課交流，讓學生的分析能力有所提升。二) 提升學生的自信心和責任感。透過班級經營，如班主任課、訓輔支援及其他學習經歷等，讓學生提升自我認同感，並透過獎勵計劃、學會或學社職務、義工或領袖培訓等，培養學生的服務精神及領導才能。此外，學校更會透過有規劃的升學及就業導向、生涯規劃計劃等，協助學生認識自我，從而建立人生目標。

除了在兩個關注事項鞏固學生所學和照顧學生成長外，我們更引入外界資源，以讓本校更緊貼教學趨勢。本年，我們參與教育局「校本及支援服務」以發展人文學術範疇，尤其是通識教育科及歷史科，期望在課程規劃、運用多樣的學與教策略及持續評估等不同課題上的協作，加強學校的課程領導及提升各學習領域的教學效能。教育局更委任本校教務主任及物理科主任擔任課程發展委員會委員及教科書評審，達至相互合作、教師專業交流及促進香港中學課程發展之果效。

為配合自主學習及電子學習，我們特意加強學校無線網絡基礎建設，以符合教育局的「第四個資訊科技教育策略」。我們在中二及中三級互動學習探索課題使用平板電腦，又會於未來三年通識教育科、綜合科學科及視藝科等，將資訊科技融入學科，以加強學生自主學習能力及促進課堂內外的互動。此外，學校本年度獲環境及自然保育基金撥款三十七萬，讓學生能透過一系列的活動策劃、工作坊、培訓班及義工服務等，推廣「再生玻璃」的訊息，以加強環境保育及推動社區參與。

在2015年度香港中學文憑考試，本校學生成績理想，中文、數學、通識、世界歷史、生物等科目均有學生獲5*及5**成績，部份學生獲香港大學、香港中文大學、香港科技大學及香港理工大學等取錄就讀學位課程，而大部份學生亦被其他院校文憑課程取錄或赴外地升學。祝願各位今屆的中六學生，繼續全力以赴，以積極進取的精神爭取佳績。

此外，本校學生於2014-15年度在學術、體育及藝術等方面亦獲得佳績。本校獲得「國際啟發潛能教育聯盟(香港)啟發潛能教育學校成就大獎2015」、「2014-15全國青少年語文知識大賽現場作文公開賽(香港區)中學團體總冠軍」、「2014-15全國青少年語文知識大賽現場作文公開賽(香港區)中學組四至六年級總冠軍」、「香港創意思維活動競賽襟章設計比賽冠軍」、「學界排球比賽港九區(港島)第二組男子團體總冠軍」、「學界排球比賽男子甲組冠軍」等獎項，成績令人鼓舞。

福慶樹人二十載、承傳主愛創未來。聖公會李福慶中學已在東區服務近二十載，本年度將舉行一連串的20周年校慶活動，包括標語創作、小學聯校比賽、校慶開放日、福慶滿堂盆菜宴、校慶音樂劇、名人雋語講座、壁畫創作等。蒙恩有天父的帶領，感謝各界人士對本校的支持、感恩有各位家長的信任和同行，希望大家一同迎接校慶及踴躍參與各項活動，一起分享師生的教與學成果，更讓我們的學生，我們的孩子，勵學求進、扎根、高飛！

張翠儀校長
二零一五年九月

Principal's Message:

Rooted in Perseverance Soar with Excellence

Committed to the Anglican mission and whole-person education, SKH Li Fook Hing Secondary School endeavors to provide a quality education with balanced emphases on moral, intellectual, physical, social, aesthetic and spiritual aspects for students. With our unrelenting guidance and encouragement, we believe that our students can become pillars of the society. The school's achievements over the last nineteen years depend significantly on our caring and enthusiastic teachers, supportive parents and determined educational mission. With these, we have a strong faith that LFH can continue to flourish.

The school's theme for this year is 'Rooted in Perseverance, Soar with Excellence'. In order to cater our students' learning needs and to support their development, the two major concerns that we would like to highlight are detailed below:

1) To enhance interaction and participation in the classroom so as to promote students' analytical ability. Using interactive teaching skills, purposeful lesson arrangements, homework and assessments, and lesson observations, we expect that our students' participation in the lesson can be maximised. 2) To enhance students' self-confidence and sense of responsibility through classroom management, e.g. form teacher periods, counseling and disciplinary supports, other learning activities, award scheme, school clubs, voluntary services, leadership training, life planning, and career guidance, our students' self esteem, serving spirit and leadership skills can further be boosted, and that they can set their life goal as early as possible.

In addition to the two major concerns, we collaborate with external partners in order to keep abreast of the educational trend. We work with the School-based Curriculum Development Team of the Education Bureau in the development of humanities-related subjects especially Liberal Studies and History. Through curriculum planning, our school's professionalism in curriculum design and teaching effectiveness can be strengthened. Besides, the Education Bureau has appointed our Academic Chairperson and Panel Head of Physics to be members of the Curriculum Development Committee to help with the textbook evaluation. We believe that it can further promote collaboration, professional exchange and curriculum development of Hong Kong Secondary Education.

In order to facilitate self-directed learning and e-learning, we intensify the basic construction of a wireless system so that it can fulfill the 'Fourth Strategy on IT in Education' laid by the EDB. We are now using tablets for research projects in Secondary 2 to 3 and will integrate IT learning into subjects of Liberal Studies, Integrated

Science, and Visual Arts in the next three years. In addition, we have been granted \$370,000 from the Environment and Conservation Fund to further promote Green Education in our school and the community. Through activity planning, workshops, trainings, and voluntary services, our students are expected to help with the promotion of recycling glass bottles and have greater involvement in conservation.

Our students achieved encouraging results in the 2015 HKDSE. We have students reaching 5* and 5** in subjects of Chinese, Mathematics, Liberal Studies, History, Biology and so on. While some students have been admitted to the undergraduate courses in The University of Hong Kong, The Chinese University of Hong Kong, The Hong Kong University of Science and Technology and Hong Kong Polytechnic University. Most students further their study in high diploma courses or universities in other countries. We are looking forward to seeing more of our S6 students strive for their best in the coming public examination.

In the academic year 2014-2015, our students brought us with remarkable achievements in the areas of academic, sports and arts. We were awarded with the 'Paula Helen Stanley Fidelity Award 2015', '2014-15 National Youth Language Knowledge Competition on Writing (Hong Kong) Secondary School Overall Champion', '2014-15 National Youth Language Knowledge Competition on Writing (Hong Kong) Secondary 4 to 6 Overall Champion', 'Hong Kong Odyssey of the Mind Programme – Odyssey Pin Design Competition Champion', 'Inter-School Volleyball Competition (Hong Kong) Division Two Boys Overall Champion', and 'Inter-School Volleyball Competition Division One Boys Champion'.

Last but not least, our school has been serving the Eastern District for nearly two decades. A series of activities are being organised to celebrate our 20th anniversary. The activities include slogan designing, inter-primary school competitions, Open Day, 'Poon Choi' banquet, English Musical, celebrity talk, mural painting creation and so on. We thank for the God's blessing, the support from the community and parents. We sincerely invite you all to join our anniversary celebration so that we can share the fruitful outcomes of teaching and learning together, and witness how our children are being rooted in perseverance as well as how they soar with excellence!

CHEUNG Chui-ye
Principal
September 2015

優化課程 提升學習效能

本校一向重視課程設計，務求以多樣化的學習形式，鞏固學生所學，優化學習質素。在提升學生英語學習的效能方面，本校於初中數學、綜合科學及世界歷史科課堂上彈性加入英語課時，豐富學生的英語學習經歷。在照顧學習多樣性方面，本校提供適切的課程並設有課後支援，如「英文能力提升班」、「數學輔導班」、「奮進班」；而本校特設的「種子班」、「尖子計劃」，更能有效地推動學生發揮潛能，奪取佳績。除發展課程外，本校也透過籌辦多項延展學習的活動，例如學術周及與課程緊扣之參觀活動，鞏固課堂知識，讓學生建立成功學習經驗。

本校亦致力營造優良的英語環境以提升學生的英文能力。英文科老師定期為不同級別的學生舉辦多元化的活動，例

如串字比賽、電影觀賞、英語會話操練、英文歌曲歌唱比賽等。一年一度的英語音樂劇更進一步讓同學活學活用。除了校內活動，本校每年亦鼓勵學生積極參與校外英文活動，如校際朗誦比賽、話劇欣賞、模擬考試、演講比賽等。

另外，本校早已建立同儕觀課分享交流的文化，去年更對外舉辦中國語文及英國語文公開課，深受觀課者的讚揚與肯定。本年度本校獲教育局校本課程發展組的支援，分別協助初中規劃全面的人文學科專題研習及高中通識教師專業發展活動，從而持續優化學與教策略及實踐教學相長的精神。

Quality Curriculum Design Enhances Learning Effectiveness

課後功課輔導

公開課

We highly value the importance of curriculum design. Through diversified modes of learning, we aim at better knowledge consolidation and learning quality. For the purpose of enhancing the effectiveness of English learning and enriching the language environment, several junior form subjects – Mathematics, Integrated Science, and History flexibly adopt English as the medium of instruction. To cater students of different abilities, apart from tailor-made teaching materials, we provide them with after school learning supports. These include the 'English Enhancement Class', 'Mathematics Remedial Class', and 'Endeavour Class'. In addition, we organize the 'Seed Class' and 'Cream Project' to further develop our students' potentials. Regular extended learning activities e.g. Academic Week, curriculum-related site visits are also organized to help students build up their successful learning experiences and consolidate their knowledge.

We also immerse students into our English-rich environment. This is done by organizing a variety of activities for our students. These include spelling competition, movie

appreciation, oral practice, English song singing competition. The highlighting English Musical that we hold annually creates an excellent platform for our students to use the language. Apart from the in-school activities, we keenly encourage students to participate in different off campus English events e.g. Speech Festival, drama appreciation, mock examinations, and speaking contest.

The culture of lesson observation has deeply rooted in our school. In our 'Open Lessons' of Chinese Language and English Language this year, the high quality of teaching has won much appreciation from our guests. In this academic year, we are going to work with the School-based Curriculum Development Team of the Education Bureau (EDB) in the development of the project learning for Humanities and teacher development for Liberal Studies Department. It is believed that through working with the EDB, our curriculum and teaching effectiveness can be further strengthened.

資優教育 各界菁英盡現

本校成立資優教育組，致力為學生提供培訓，讓他們展現潛能。自2008年起，本校共有52位學生，憑著在數學、科學、人文學科及領袖才能方面的出色表現，獲香港資優教育學院取錄為學員。而在剛過去的學年，我們亦新增了3位資優學員。

另外，為拓展學生的創意及批判思維，本校為初中三班種籽班及資優學生舉辦了「創意思維能力提升課程」及「批判思維能力提升課程」。此外，資優教育組亦安排學生參加「香港數學創意解難比賽」、「國際初中科學奧林匹克香港選拔賽」、「香港傑出學生詩人(英詩)獎」、「香港數碼媒體創作青苗獎」、「香港科學青苗獎」及「中國語文菁英計劃」，以進一步讓資優生的才華得以發揮。

本校深信每位學生皆有其天賦，故定當繼續通過不同類型的學習經歷，為學生提供適切的培訓及更廣闊的發展空間，讓他們盡展潛能。

資優教育學苑開學禮

Gifted Education Unlocks Young Talents

Our Gifted Education Committee is dedicated to cultivate students' talents through training. Since its establishment in 2008, a total of 52 gifted learners have been accredited and intensively trained by the Hong Kong Academy for Gifted Education in the areas of Mathematics, Science, Humanities and Leadership. This year, 3 more students have been accredited as gifted students by the Academy.

To enhance students' creativity and critical thinking skills, we arrange two corresponding training programmes for seed class students of junior form and gifted students. In addition, the Committee arranged our students to participate in the 'Hong

Kong Mathematics Creative Problem Solving Competition', 'International Junior Science Olympiad – Hong Kong Screening', 'Hong Kong Budding Poets (English) Award', 'The Hong Kong Budding Innovators Award (Digital Media)', 'Hong Kong Budding Scientists Award', and 'The Elite Student Project in Chinese Language'. Through participation, our learners' talents can be acknowledged.

Everyone is gifted in different ways. In order to maximize our students' capacity, we will carry on our wide variety of training programmes for them.

資優教育組

成長支援 開拓錦繡前程

為了讓學生能更投入校園生活，裝備自己，面對未來的各項挑戰，本校為初中及高中的學生分別提供了不同的支援課程。

本校為中一新生舉辦「中一適應課程」、「校園遊」、「中一迎新營」、「健康教育營」等活動，讓新生能在輕鬆愉快的氣氛下，探索未來學習和成長的新環境。中二級的「性教育」活動能讓剛踏進青春期的學生獲得正確的性價值觀。為協助中三學生在選科時能作出周詳的考慮，本校更為他們舉辦「高中課程選科簡介會」、「選科策略講座」及「模擬選科活動」。

另一方面，本校根據生涯規劃的概念為學生編排各類型的活動，協助學生探索自己的興趣及長處，培養規劃及作出決定的能力。各級的生涯規劃主題分別為：自我認識(中一)、發掘夢想(中二)、選科抉擇(中三)、思考未來發展及職業取向(中四)、尋找人生升學及就業目標(中五)，以及

升學及求職裝備(中六)。

此外，本校亦會每年分析本地各大學學系取錄學生的最新情況，為中六學生提供聯招選科輔導，並會舉辦「模擬放榜」、「大學聯招準備」、各地升學講座及「VTC課程簡介講座」等活動，讓中五及中六學生了解本地及海外專上院校的收生要求及有關資料，從而訂立學習及升學計劃。

中學校園體驗日

中一適應課程

Growth Supports Pave the Way for a Bright Future

中一健康教育營

We are dedicated to help students engage actively in their school life and prepare them for various challenges in the future by offering a wide variety of growth supports.

To help S1 students explore learning and personal growth in the new environment, 'S1 Adaptation Course', 'School Tour', 'S1 Orientation Camp' and 'Health Educational Camp' are organized. The activities on sex education for S2 students help them to acquire positive and correct attitudes and values towards sex. Besides, 'Briefing Session on Elective Subjects Selection at the Senior Secondary Level', 'Seminar on Strategies for Subject Selection' and 'Mock Selection of Elective Subjects' are conducted to help S3 students to make prudent decisions in selecting the elective subjects.

Based on the concept of life planning, a range of activities are held to assist our students to delve into their interests and strengths in order to develop the ability of planning their life and making decision. The life-planning activities for each form

are based on different themes: Self understanding (S1), Dream (S2), Elective Selection (S3), Future Plan and Career Mapping (S4), Life and Career Aspiration (S5), and Further Studies and Job-seeking Skills (S6).

Every year, we analyze the admission data of different departments of local universities so as to provide comprehensive consultation service on JUPAS selection of subjects for S6 students. 'Mock Release of Public Examination Results', 'Preparation for JUPAS Application', talks on further studies in different countries and 'VTC Briefing Session' are conducted for S5 and S6 students to enhance their understanding of the admission requirements of local and overseas universities and help them make appropriate study plan.

We expect that our growth support measures can help youngsters to understand themselves better so that they can plan their future as early as possible.

最佳配套 裝備電子學習

為優化教學效能，本校特意為學生提供先進資訊科技裝備，緊貼時代步伐，迎接電子及創意教學新世紀。

本校成功入選「三星智能教學體驗計劃」，為學生提供多達四十台平板電腦，讓學生可於不同課堂上「一人一機」，提升學習效能。作為先導學校，本校在2014年開放日舉辦的「聯校小學數學邀請賽」中，除要求參賽者利用平板電腦回答部份題目外，還利用平板電腦取代「搶答燈」，令賽事更富趣味。

另外，本校亦持續完善網絡基建，並更換高速網絡連接系統。這有助日後在全校覆蓋無線網絡，以配合電子教科書及各項電子學習資源的普及使用，鞏固學生的學習。

The Best IT Hardware Facilitates e-learning

利用平板電腦進行教學活動

Aiming at learning effectiveness advancement, our school gives the best IT equipment to our students so that they can keep abreast of the ever-changing era.

As one of the pioneering schools of the 'Samsung Smart School Citizenship Project', we are granted more than 40 tablets for students to use in lessons. These tablets were adopted in a joint-primary school Mathematics competition held on our Open Day last year. The competition was made more interesting as all contestants were required to give answers via the tablets.

We continue to upgrade the school's network environment of Gigabit Ethernet with high speed and security as major characteristics. This can lead to the set up of a wireless environment which in turn helps facilitate the employment of e-books and other electronic resources.

多元學習 擴闊思維視野

為了讓學生有多元化的學習體驗，擴闊視野，本校成立了三十多個學會及校隊，鼓勵學生參與藝術、體育、音樂、社會服務、領袖訓練等各個範疇的活動。

本校先後舉行了二百多項校內及校外活動，其中包括不同的藝術活動，藉此激發學生的創意思維。在去年，本校學生曾觀賞專業劇團《海達·珈琪珞》的表演，參與由康文署舉辦的「學校文化日計劃」及「高中學生藝術學習之旅」、由香港公民教育基金會舉辦的「我的香港夢2015繪畫比賽」以及香港青年協會主辦的「香港創意思維活動競賽——襟章設計比賽」。學生盡心創作，表現備受讚賞。

體育方面，本校成立了田徑隊、籃球隊、排球隊、沙灘排球隊、足球隊及乒乓球隊。校隊成員上下一心，其中排球隊、籃球隊及田徑隊更在校際比賽中屢獲殊榮。

音樂科亦組織了樂團、樂器班、合唱團、口風琴隊及手鐘條隊，鼓勵學生參加校際音樂節、無伴奏合唱節、管風琴音樂會及各項歌唱比賽。手鐘條隊更參與校內及校外的演出，如到聖公會施洗聖約翰堂參與聖誕崇拜獻奏，又參加由康文署主辦的「精彩音樂滿人生」學校聯演。各項活動均能讓學生從不同渠道發展音樂才能。

為了讓學生發揮助人精神，本校參與了由義務工作發展局舉辦的「4C青年義工領袖計劃」，亦與香港聖公會主理堂長者鄰舍中心合辦「聖公會東區長者學苑課程」及與傷健協會和香港中華基督教青年會合辦「傷健共融逛花市活動」，讓學生走進社區，關懷社會。

此外，為培養學生的領導才能，本校與香港中華基督教青年會合作，規劃領袖培訓計劃，為學會幹事提供領袖訓練課程，並推薦學社社長參加香港青年協會舉辦的「社長訓練證書課程」，裝備學生面向新挑戰。

透過多元化學習，不但能提升本校學生的學習興趣，更讓他們敢於面對挑戰和建立自信。

口風琴隊校外演出

In order to provide opportunities for students to participate in diversified activities, more than thirty school clubs and teams of arts, sports, music, social services and leadership training are set up.

We organize over two hundred activities on and off campus. The arts related activities, for instances, drama appreciation of 'Hedda Gabler', 'School Culture Day Scheme' and 'A Journey on Learning the Arts for Senior Secondary Students' held by Leisure and Culture Services Department, 'My Hong Kong Dream 2015 (Drawing Competition)' run by Hong Kong Civic Education Foundation Ltd, and 'Hong Kong Odyssey of the Mind Programme – Odyssey Pin Design Competition' arranged by The Hong Kong Federation of Youth Groups can all boost our students' creativity.

In the area of sports, we set up the sports teams of track and field, basketball, volleyball, beach volleyball, football and table tennis for students to develop their sport skills. Our volleyball team, basketball team and track and field team have even brought us with remarkable honors in inter-school competitions.

Our Music Department organizes the school band, musical instrument courses, choir, harmonic and hand chimes bands, and encourages students to join the School Music Festival,

Cappella Festival, Pipe Organ Concert and various singing contests. Apart from the in-school performance, the hand chimes band performed in the Christmas Service of Sheng Kung Hui Church of St. John the Baptist and 'Bravo Music! Bravo Life Joint School Concerts' organized by the Leisure and Cultural Services Department. These public performances enable our students to develop their talents in music.

Likewise, we keenly take part in different voluntary services so as to make our students learn to serve. These voluntary services include the '4C Youth Volunteer Leadership' organized by the Agency for Volunteer Service; the 'SKH Eastern District Elderly College', which is jointly organized by our school and SKH Holy Nativity Church Neighborhood Elderly Centre; and the 'Let's Go to the Flower Market Together' held by the Hong Kong PHAB Association and the Chinese YMCA of Hong Kong.

Furthermore, in order to develop students' leadership quality, we collaborate with the Chinese YMCA of Hong Kong in a leadership training programme for our school clubs' leaders. They are also recommended to join the 'Leadership Training Certificate Course for House Captains' organized by the Hong Kong Federation of Youth Groups.

Through diversified learning experiences, we deeply believe that students' learning motivation and confidence can be reinforced.

深度啟發 關愛屢受肯定

啟發潛能教育已在本校扎根成長，是本校文化的重要一環，並得到外
界的認同。

本校在啟發學生潛能及營造關愛校風上的用心，得到遠道由美國蒞臨
本校考察教學現況的評審Dr. Jim O'Connor的稱譽。他的高度評價令
本校獲得「國際啟發潛能教育學校成就大獎」。

在對外工作方面，去年十一月，本校張慧芬老師及游雯詩同學，分
別榮獲國際啟發潛能教育聯盟(香港) (IAIE)頒發「傑出老師」及「優
秀學生」殊榮，充分肯定師生的共同努力。在校內工作方面，本校
亦舉行了「DSE打氣大會」，鼓勵應屆中學文憑試考生努力應試、自
強不息。本校啟發潛能教育組於感恩節與家政科合辦「杯子蛋糕顯恩
情」，通過填寫心意卡及製作杯子蛋糕，為老師送上心意，更藉此鼓
勵同學對身邊人常存感恩。

本校將繼續發揚啟發潛能教育的理念，為學生提供優良的學習環境，
培育更多榮神益人的好學生。

國際啟發潛能教育專家參觀本校

As a deep-rooted culture in school, our Invitational Education (IE) has long been highly appreciated in the community.

We, again, won the 'Paula Helen Stanley Fidelity Award' this year. In a school visit by one of the judging panels, Dr. Jim O'Connor, our achievement in IE was praised and recognized by him.

Last November, our teacher Ms. Cheung Wai-fun and student Yau Man-Sze received the 'Outstanding Teacher Award' and 'Outstanding Student Award'. All the awards obtained have proved our efforts in IE. As a matter of fact, the spirit of IE can be experienced everywhere in school. To name a few examples, we boosted the confidence of and sent teachers' warm blessings to DSE students by holding a party for them. On Thanksgiving Day, the IE Committee worked with the Home Economics Department to produce cup cakes as a blessing to teachers. It is hoped that the activities can promote the message of having a thankful and caring heart.

We will uphold our commitment in exploring students' potentials, providing a favorable learning environment and fostering upright students.

放眼世界 足跡尋遍海外

本校成立海外交流組，安排活動讓學生認識不同文化、學習英語，並為海外升學就業鋪路。

2015年復活節期間，本校舉辦了「黃埔軍校青少年軍事文化體驗營」，讓學生體驗軍人生活和了解中國軍事發展歷史。學生參加了野外行軍、夜行軍、軍體拳術、投擲手榴彈等活動，學會嚴守紀律，並反思生活及人生目標。

此外，本校於六月下旬舉辦了「英國利物浦暑期遊學團」，22位學生到英國家庭寄宿13天，在利物浦英語學院上課，同時參觀了牛津大學、英國廣播公司、世界博物館、哈利波特拍攝場地、英超球會等。

另一方面，本校老師亦帶領同學前往武漢、宜昌作交流學習。透過多元學習活動如專題研習、專家講座及參觀等，同學認識到祖國文化、地理、歷史和傳統建築；了解三峽水利工程的建造過程及效益；以及國家重工業發展的現況和路向。

參觀英國博物館

以升學就業為主題的「台灣升學考察團」則安排中五同學參觀三所台灣大學—淡江大學、元智大學及真理大學，讓學生能體驗台灣留學生活，為海外升學做準備。

本校亦十分重視交流團的學習鋪墊：學生需於出發前參與校內培訓班，搜集當地資料；回港後需於週會向全校師生報告行程內容及反思。本校堅信為學生提供多元學習平台能讓學生認識社會、放眼世界，同時活學活用英語，提升英語水平。

黃埔軍校體驗訓練

We establish the Overseas Exchange Committee to help students experience different cultures, learn English and pave way for their further studies and work overseas.

During the Easter holiday in 2015, we took our students to the Whampoa Military School where students experienced the life of the army and captured a clearer picture of the development and history of the Chinese Military Force. They participated in military-related activities such as wildlife military training, night walk, martial arts training, and grenade throwing. They learned strict discipline and reflected on their own life and aspiration.

Besides, the 'Liverpool Summer Study Tour in England' was organized for 22 students in June. They spent 13 days in host families and took part in activities including attending English course at the Liverpool School of English, and visiting Oxford University, British Broadcasting Company, British Museum, the filming location for Harry Potter and Liverpool Football Club.

Another group of students were escorted to Wuhan and Yichang in June as well. Through engaging in various activities such as project learning, talk and visit, students developed a better understanding in culture, geography, history, historical buildings, the Three Gorges Dam Project, and the development of heavy industry in China.

The tour to Taiwan enabled our S5 students to pave a way to study there by visiting three universities – Tamkang University, Yang Ze University and Aletheia University.

We place much emphasis on providing a platform to prepare our students for overseas exploration. Students are obliged to attend pre-trip training, collect relevant information about their destinations, and share their learning experiences and reflections with teachers and students in the school assembly. We firmly believe that all-round learning platforms can allow our students better understand the society and the world, and at the same time apply the language.

綠色教育 共創環保家園

綠色教育組着重教育學生實踐綠色生活，增加學生環保知識，並把環保概念帶進社區。

校外方面，本校舉辦一系列「玻璃回收」活動，更獲「玻璃再生璀璨」邀請，接受《U Magazine》訪問。此外，本校舉辦了兩次「福慶綠色工作坊」，又於小西灣圓形廣場舉行「李福慶源頭減廢綠色嘉年華」，透過「以物易物」活動及環保工作坊，將「源頭減廢」的概念帶進社區。

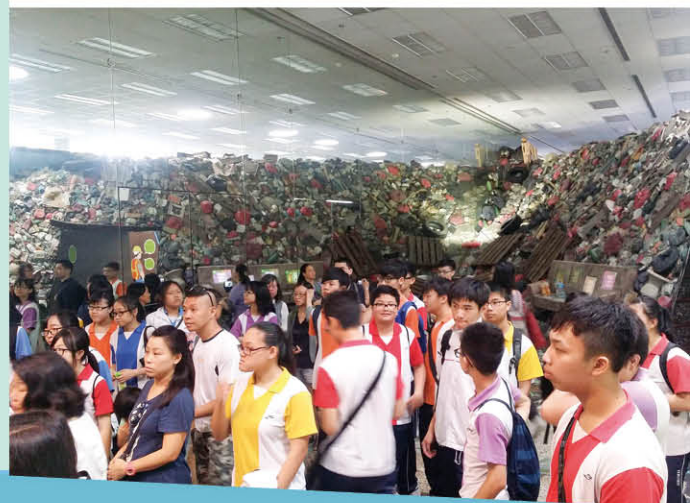

校內方面，本校每年都會舉辦「學校廢物分類及回收計劃」、「綠色為公益」、「一人一花培植比賽」、「班際有機蔬果種植比賽」及「以物易物」等活動。

本校亦積極參與各項綠色比賽，包括可持續發展委員會「2014-2016可持續發展學校獎勵計劃」及環境運動委員會「咪咁嘢校園減廢大獎」，並取得嘉許狀，表揚本校在推廣可持續發展上的貢獻。

綠色教育組除扎根校園，更放眼東區，讓本校學生攜手共創環保家園。

Green Education Contributes to a Green Community

綠色教育組接受傳媒訪問

參與玻璃回收活動

To nurture young learners' minds on environmental protection and bring forward the concept to the community are the main concerns of the Green Education Committee.

Externally, the Committee organized a series of activities in the community in June and July 2015. Working with 'Green Glass Green', our 'Glass Bottles Recycling Programme' became a feature article of the 'U Magazine'. We also cultivated the concept of waste reduction at source by running two green workshops, and the 'LFH Waste Reduction at Source Carnival' in Siu Sai Wan.

Internally, we keep holding the 'Waste Separation and Recycling Programme', 'The Community Chest Green Day', 'One Person One Flower Competition', 'Inter-class Organically Grown Fruits Competition', and 'Barter Trade'.

To actively participate in various go-green competitions enables us to gain recognition in the '2014-2016 Sustainable Development School Award Scheme' organized by the Council for Sustainable Development, and the 'Waste Less School Award' run by the Environmental Campaign Committee.

Apart from fostering the green value in school, our Committee devotes its effort in the Eastern District as well. It is hoped that our students can work together to make our community a greener place for living.

參觀磚牆環保園

家校攜手 與孩子樂同行

家長是學校教育的重要伙伴。本校的家長教師會（簡稱家教會）由老師及各熱心家長組成。秉承着基督精神，家教會支持本校提供全人教育，鼓勵學生積極進取，並加強學校與家長之間的溝通。

家教會於本學年舉辦了不同類型的活動，包括親子師生慈善跑、家長座談會、親子旅行、家長教育講座、母親節慈善康乃馨義賣活動及家長支援小組等。家教會亦十分關注學生的飲食健康，委員、家長代表及學生健康大使均參與甄選午膳飯盒供應商的活動，確保學生飲食均衡。

此外，家教會為能全面反映及報道家校合作的成果，每年皆會出版通訊會刊，與全體家長及社會人士分享本校多姿多采的校園生活。

本校相信家校的緊密合作能讓學生健康、快樂地成長。

Parents are important partners of school education. Our Parent Teacher Association (PTA) comprises teachers and dedicated parents chosen in election. Building on Christian faith, the PTA supports whole-person education, encourages students to be proactive and positive in learning, and strengthens the communication between the school and parents.

A variety of activities are regularly organized by the PTA, for example, 'Parent-child and Teacher-student Charity Run', parents' talks, parent-child picnic, parents' educational seminars, charity sale of carnation on Mother's Day and 'Parents Support Group', etc. Showing concern for students' healthy diet, its Committee members, parent representatives and 'Students Health Ambassadors' help select the lunch box providers.

In order to share the fruitful outcomes of school-parent collaboration in a comprehensive manner, the PTA publishes newsletters twice a year.

We believe that a close collaboration between the school and the parents can make our students enjoy a healthy and fruitful school life.
